WHAT IS MY ROLE IN BUSINESS?

To act in good faith to promote the success of my company

A company is a legal entity made up of an association of people Company members share a common purpose, and unite in order to focus their various talents and organise their collectively available skills or resources to achieve specific, declared goals.

The English word company has its origins in the Old French military term compagnie (first recorded in 1150), which came from the Latin word companiono ("one who eats bread with you")...

In our Creator's work engage:

His Kingdom's values be your gauge.

Finding our work is part of His:

"Your will in earth as heav'n" we live.

Your calling God now reaffirms:

feel His good pleasure as you serve.

Gift and vocation we rehearse

as after Sunday we disperse.

His Kingdom's signs are clearly made:

our values woven in our trade.
