Six workshops, January to March 2020

Six workshops led by Mark Roques, Thursdays, 19:30-21:00.

“In recent months I have so enjoyed talking to many students, nurses, doctors, social workers, prisoners and refugees about the Christian faith. Instead of the shutters crashing down, people want to hear about Jesus if we use our imaginations, tell intriguing stories and ask probing questions of faith.”

In this course Mark will show you how to talk about key Christian beliefs in an engaging and non-threatening way.

Mark Roques is a storyteller, author and Director of RealityBites. He has taught Church Army evangelists and is actively involved in street mission to students. He has spoken at conferences all over the world, debated atheists on Premier Radio and contributed to Channel 4, BBC World Service and the Australian ABC network.
